

RYZA MAE P. GAFFUD

09167243870 | yzagaffud03@gmail.com | Santiago City, Isabela

OBJECTIVES

A dedicated Computer Engineering student eager to apply technical expertise in programming, hardware system, and system design. Focused on building a strong foundation in engineering principles while embracing innovation and continuous growth. Dedicated to creating efficient, reliable, and forward-looking solutions that contribute to technological advancement and practical applications in everyday life.

EDUCATION

Bachelor of Science in Computer Engineering
Cagayan State University - Carig Campus
Carig Sur, Tuguegarao City, Cagayan
2023-Present

Senior High School - STEM
La Patria College
Calao West, Santiago City, Isabela
2021-2023

Junior High School
Cabulay High School
Cabulay, Santiago City, Isabela
2017-2021

Elementary
Cabulay Elementary School
Cabulay, Santiago City, Isabela
2011-2017

TECHNICAL SKILLS

- Programming: Java, C/C++, Python
- Hardware: Circuit Design, Troubleshooting
- Digital Systems: Logic Gates and Digital System Design
- Embedded Systems: Custom PIC Development Board Design

TOOLS AND PRODUCTIVITY

- Arduino IDE, VS Code, GitHub
- Microsoft Office & Google Workspace
- Proteus, MATLAB, ThingSpeak Cloud Integration

PROJECTS

- Custom Regulated Power Supply Design
- Custom PIC Development Board
- Grow a Sanction (Student Sanction Management & Email Notification System)
- DiLiGaN : Digitally Linked Gardening Network Plant Watering and Monitoring System

CERTIFICATIONS AND SEMINARS

- Frontiers of Computer Engineering: 2025 International Conference on New and Emerging Technologies (December 12–13, 2025)
- Cybersecurity Webinar 2026 (April 10, 2026)
- Regional Information Technology and Engineering (ITE) Convention 2026 (July 20-22, 2026)
- Civil Service Professional Level Passer (March 2026)

LANGUAGES

- Filipino
- English
- Ilocano

SOFT SKILLS

- Time Management
- Adaptability
- Problem Solving
- Communication
- Collaboration
